

The people. The point of view.

THE BEGINNING

Yohji Yamamoto

Yohji Yamamoto established Y's in 1972 and presented the Yohji Yamamoto collection in Paris in 1981. Yohji Yamamoto POUR HOMME followed as the house's principal menswear collection, and the wider Yohji Yamamoto Inc. structure now contains multiple sibling brands, category lines and historical labels. Because these lines use distinct identities and conventions, exact label identification should come before comparing construction, product codes or era details. Use 1972 for Y's/company roots and 1981 for the Yohji Yamamoto Paris collection milestone. Date pieces through exact line wording, runway/product archives, care tags and manufacturing context; black oversized tailoring alone is not enough to assign a season.

FOUNDED

1972 (Y's); Yohji Yamamoto Paris
debut 1981

ORIGIN

Tokyo, Japan

WHY THE DETAILS MATTER

Modern Yohji Yamamoto house-family products use line-specific product/style references. Y-3 sits outside that owned family as an adidas-owned design partnership with Yohji Yamamoto and follows adidas/Y-3 product-code conventions. Keep those systems separate and match the exact line, model, color and season before interpreting any number. Before decoding anything, identify what kind of identifier it is: RN/business ID, style/article number, size code, supplier/production reference, serial, date mark, season code, inventory barcode, RFID/NFC or digital passport. Different identifier types answer different questions and are not interchangeable.

Research and catalog observations are distinct. See the linked sources in this guide. Dates describe the cited records; a last recorded year does not establish a line closure.

An independent educational guide by Sui Generis. Unaffiliated with the featured designer; these references cannot establish an individual item’s authenticity.

YOHJI YAMAMOTO Inc. is the parent-house node. Yohji Yamamoto and Y's are foundational/mainline house brands; POUR HOMME and the Y's sub-lines sit beneath those identities for authentication. LIMi feu, Ground Y, S'YTE and WILDSIDE are modeled as sibling house brands/sub-labels under the parent company; discord is modeled as an accessories-focused category line. Historical lines remain in the family so legitimate vintage labels are not rejected because they are absent from the current menu.

Research and catalog observations are distinct. See the linked sources in this guide. Dates describe the cited records; a last recorded year does not establish a line closure.

04 / A WORKED EXAMPLE FROM OUR CATALOG

Read the label. Find the details.

THE COMPLETE ITEM

YOHJI YAMAMOTO Size 2 Black Wool Blend Stretch Leggings

Marked size = the item’s original label. As a US company, Sui Generis lists a US size comparison; use the relevant brand/category chart and actual measurements to check fit.

THE LABEL / MARKING DETAIL

01 / WHAT YOU CAN READ

Yohji Yamamoto · 2

02 / HOW TO USE IT

The signature label and separate size tab serve different purposes. Keep the printed 2 alongside garment measurements rather than replacing it with an assumed letter size.

03 / WHAT TO CHECK NEXT

The care-label text is too small here for a dependable full transcription. Request a focused image of the product reference, fibers and country before narrowing the line or season.

Research and catalog observations are distinct. See the linked sources in this guide. Dates describe the cited records; a last recorded year does not establish a line closure.

SIZING / HOW TO READ OUR CATALOG

Marked size & your US size

The marked size is the size printed on the item’s original label. Sui Generis is a US company, so our catalog uses a US size comparison to help our customers shop. A US listing size may therefore differ from the number on the designer’s tag; it does not change the item’s original marked size.

READ THE SIZING SYSTEM

FR or F means French; IT, I or ITA means Italian; JP means Japanese; UK or GB means British; US or USA means United States. D or DE means German. EU (or UE on some labels) denotes a European size where the relevant brand and category chart uses it. French and Italian clothing numbers are not interchangeable, and a manufacturing country does not identify a sizing system.

JAPANESE & BRAND NUMBERED SIZES

Some Japanese designers use their own numbered sizes, such as 1, 2 or 3. These are brand sizes, not automatically US sizes or a universal Japanese conversion. Use the chart for the specific brand, line and item.

MATCH THE CATEGORY. CHECK THE MEASUREMENTS.

When a tag prints several national sizes, retain the brand’s own size table instead of substituting a generic conversion. Women’s clothing, men’s tailoring and footwear need different charts. Letter sizes, denim and accessories also need their own fit information. Compare the original marking, the relevant chart and actual measurements. Vintage fit, alterations and cut can change the fit; a US comparison is a guide, not a guarantee.

If the sizing system or original marking cannot be confirmed from the available photograph, we say so rather than assigning a country or inventing a conversion.
